It is recommended that the mangal dosha level in both horns be almost equal. The factors considered at the time of marriage are: - Guna Milan Manglik dosha Strength of Navama Chart in India, Janam Kundli (also called Birth Chart or Christmas Chart) is taken into consideration for Kundli Matching. Yes, mangal dosha is equally important. It is divided into 4 categories such as Brahmins (louder), Kshatriya, Vaishya, Shudra (lower). "Ashta" means "eight" and "Koota" means "aspects." In the Hinduummo, the horn or kundli of boy and girl are combined in order to annul any bad effects after marriage. Let's check below as the scores obtained to the guns above are effective for wedding purposes. Pundit also uses Panchang or Patra using the same system. Graha Maitri / Rasyadipati: shows mental compatibility, affection and natural friendship. The wedding is the sacred van between two separate entities, gathering them to a long and healthy marital life. In the Ashtakoota correspondence system, Nadi received the highest point (8 points). Vasya / Vashya: shows attractive attraction, control in marriage and also calculates the equation of power between married couples. If the boy's moon is placed in 2nd, 3nd, 4th, 5th, 6th home of the girl's moon, then she is considered bad or little auspicious, while the 7th and 12th houses are considered good. Yoni Koot is rated in 14 animals, which are horse, elephant, sheep, snake, dog, cat, mouse, cow, baptism, tiger, hare / deer, monkey, lion, monkey. Astrology 2022 Detailed annual forecasts There are different names for MatchMaking Viz, Kundali Milan, Guna Milan, Matching and Compatibility, Lagna Melapak etc. The eight kootas are: Varna / Varan / Jaati: He shows spiritual compatibility of boy and girl along with his ego levels. Also represents the compatibility of the moon signal between couples.
